

Michael & Anita

The view from an

Entirely Different

Little Row in the Lord's Vineyard

Former SAMS Missionaries ~ February 2014 ~ Number 113 [New Series No. 1]

Looking forward

We are thankful for your interest, prayers, and support during the past fifteen years. We have been abundantly blessed during our time as missionaries. Looking ahead ...

Anita has plans to work as a staff physician for The Healthcare Connection providing medical care through its clinics in Cincinnati. The Healthcare Connection's mission is to serve the under-insured, including special needs populations (such as those with mental health conditions).

Michael has accepted a faculty position at the Wright State University Boonshoft School of Medicine in Dayton at the Center for Global Health in the Dept. of Community Health. He will be involved mostly with the MPH program and coordinating public health content in the medical school curriculum.

We will be setting-up a new home just north of Cincinnati, so that Anita can travel south to work in Cincinnati and Michael can get to Dayton.

Our SAMS email will continue working for awhile:

dohnfamily@sams-usa.org

Our ongoing email address will be:

dohn_family@hotmail.com

We continue to be available for church visits to talk about the mission. If this is of interest to you, let us know.

Keep praying, Anita & Michael
